

LAW ENFORCEMENT TACTICAL CARBINE TRAINING

ALL POLICE TRAINING

- Police
- Sheriff
- State
- Federal

RPRS is comprised of US Army Special Forces professionals formally or currently serving in operational Special Operations units. Our goal is focused on providing a facility and/or training with the sole purpose of preparing individuals to deploy to the streets with the necessary skills to operate as an individual or integral part of a supported unit's team. We apply the same training standards used by the world's leading military, law enforcement, and counter-terrorism units for individuals of all skill levels.
